📍 Ranchi, Jharkhand, India

## ABOUT

As a Product Designer and Frontend Developer, my passion lies in transforming complex issues into streamlined and visually appealing interfaces. I am eagerly seeking new opportunities to expand my skillset and gain more work experience.

## WORK EXPERIENCE

### MetaOrange Digital

System Designer / April 2023 - August 2023

Accomplishments in Design and Client Management

- Designed a comprehensive design system for the company
- Created various innovative PowerApps designs
- Successfully collaborated with numerous clients to deliver exceptional results

### LinkCollect.io

Product Designer / March 30 - Present

One of the founding members in designing team of linkcollect which is a powerfully bookmarking web extension.

### Frontend Developer

Designed and developed my own portfolio, using javascript, html, css and react as the framework. The code of my portfolio is my github (<https://github.com/senpaiblue/Portfolio>).
